LODGE ACCUSED OF 'BLOCKING' HARDING WORLD COURT PLAN

Democratic Leader Hits Republican Chief Blow at Record

LODGE ANSWERS, DENYING CHARGE

Lively Debate Results in Tilt of the Two Party Leaders

(Associated Press)
WASHINGTON, April 4—Senator Lodge, of Massachusetts, the republican leader, was directly charged on the floor of the senate today with pigeon holding President Harding's world court proposal in the foreign relations committee.

The charge was made by Senator Robinson, of Arkansas, the democratic senate leader during the denial of charges that the democrats had been continuously delaying legislation. He also charged Senator Pepper, republican Pennsylvania who attacked the democrats yesterday in a speech at Portland with trying to hide himself and his political associates behind the dead president.

Senator Lodge of Massachusetts, interrupted to say that the foreign relations committee had been delayed by reason of difficulty in obtaining a quorum.

"I make this statement of personal knowledge," Senator Robinson asserted, "that nothing has been delayed in that committee except what the chairman desired to be delayed."

"Why this sudden attack on me," asked the majority leader.

"You know I haven't delayed anything."

"What measure before the foreign relation committee has been delayed?" asked Senator Robinson.

"We have succeeded in keeping up with our schedule," replied Senator Lodge, "but only with difficulty."

Senator Bruce, democrat, Maryland, asked if the inquiries had interfered with consideration of the resolution proposing American participation in the world court.

"That is one of the measures I had in mind," said Senator Robinson. "When I referred to those the senator from Massachusetts wanted to block. I say now that the chairman of that committee (Senator Lodge) has effectively and I think permanently pigeon holed the world court proposals."

LIZZIE AND LIMOUSINE SISTERS UNDER HOOD AT HOME COMING

LOUISVILLE, Ky., April 4—Lowly lizzies and haughty limousines will be sisters under the hood as they speed over the nation's highways carrying thousands of happy Kentuckians back to their native state where an old-fashioned Home Coming celebration will be held from June 16 to June 29 inclusive.

From reports already received from all sections of the United States Home Coming headquarters here is counting on motor cars to bring at least fifty per cent of the 100,000 visitors who have announced their intention of attending Kentucky's mammoth "house party."

The Louisville Automobile Club, one of the largest organizations of its kind in the South, and other motor organizations of the state are co-operating with the Kentucky Home Coming Association in arranging for the comfort and convenience of the visiting motorists during the period of the celebration.

Open house will be maintained by the Louisville club during the week of June 16 and visiting automobilists

ONE OF ENGLAND'S RICHEST BABIES.

LADY LOUISE MOUNTBATTEN & BABY, MRS.

This is the first photograph of the baby daughter of Lady Edwina Mountbatten, wife of Lord Louis Mountbatten, relative of the King of England. The infant will not be named until the return to England of her father, a lieutenant in the British Navy, who is now on board his ship in the Mediterranean. Lady Mountbatten was Miss Edwina Ashley, granddaughter and heiress to the immense estate of the late Sir Ernest Cassel. Queen Mary and the Prince of Wales were the first to send presents to the infant.

CITIES WILL RAISE RIVER AID QUOTA

The six committeemen now at work raising the \$1,500-budget asked from Albany and Decatur by the Tennessee River Improvement Association, to continue its campaign for the acceptance of the Ford bid for Muscle Shoals will be busy the balance of this week, in an effort to raise the amount sought.

The committeemen are W. W. Russell, E. A. Bloodworth, J. W. Clifton, Charles Rountree, T. A. Powles, J. W. Clifton and W. E. Roper. With only a small part of the territory assigned covered, around \$400 have been pledged.

In view of the fact that the present budget for the Association is only one half what was asked a few years ago, and because the Tennessee River Improvement Association has been so successful at Washington in behalf of the Ford offer, and for many other reasons it is believed the \$1,500 due, will be subscribed before Saturday night.

MRS. ROBINSON DIES

News has reached relatives and friends here of the death in San Francisco of Mrs. H. C. Robinson, a sister of Colonel C. J. Hildreth. The deceased had visited here frequently and had many devoted friends.

GROTTO PROPHETS ORGANIZE A CLUB

Kam Ram Grotto, a Twin City club composed of members of the Grotto, was organized Thursday evening at a meeting in Masonic temple, called by Prophet Moore. D. C. Vohlers was chosen chairman and L. W. Lee secretary of the meeting.

After a discussion of the service such a club in North Alabama could do, it was agreed to organize and the following officers were elected:

L. W. Lew, president; D. C. Vohlers, vice president; E. E. Diekerson, secretary; Seneca Burr, chairman of entertainment. The following committee was named on by-laws: W. D. Moore, chairman, E. P. Humphrey and O. J. Shepard. Mr. Shepard also was elected chairman of publicity.

About thirty prophets of the Kam Ram Grotto were present. Mr. Moore was thanked heartily for his efforts in getting the members together to form a club. The next meeting of the club will be held on April 24 at the Masonic hall and an invitation to attend was extended to all prophets in North Alabama.

School Children Visit Local Plants

The first of the educational tours of the industries of the Twin Cities as planned by the local Y. M. C. A. was taken today.

The school children under the supervision of Miss Imogene Lee, of the domestic science department of the Decatur high school, made visits to the Albany Silk mill and the Cooper-Wells Knitting mills. Permission, to visit these plants was given by Superintendent Wright, of the Silk mill and by Superintendent King of the Hosiery mill. The school children will be required to write essays on what they learned at the industrial plants visited.

Body of Woman Is Found in Gulley

(Associated Press)
CLEVELAND, O., April 4—A woman believed by police to have been murdered, was found with her throat cut and her wrists ripped open in a gulley in the outskirts of the city this morning. The dead woman has been positively identified as Miss Pauline Lockfer, of Cleveland.

Detective Captain Cody, after examining the body and the scene of the crime, was inclined to believe the woman had committed suicide.

LOCAL PEOPLE TO DEPART SATURDAY FOR MURDER TRIAL

Dr. Goodwin and Poole Will Attend Trial of Arthur Crowder

MAY BE AWAY SEVERAL DAYS

Crowder Confessed to Slaying John Ford While in Jail Here

On Saturday, Dr. J. F. Goodwin, pastor of the Westminster church, leaves for Gastonia, North Carolina, where he is to be a witness in the trial there for his life of Arthur Crowder, who was held in the county jail here for several months on a charge of forgery.

In the absence of Dr. Goodwin, on Sunday morning Dr. W. P. Reeves, pastor of the Central Baptist church, will occupy the Westminster church pulpit.

Dr. Goodwin is expected to be away until the middle of next week, and longer, should there be delays in the calling of the case of the state of North Carolina against Crowder.

It is expected Dr. Goodwin will be called on to testify as to the character and conduct of Crowder while he was in the county jail here. It was during religious meetings held in his cell, that Crowder professed a deep religious concern and it was some time after such profession that Crowder made a sworn statement before a notary public setting forth that the prisoner, a number of years ago was connected with the death of John Ford at Gastonia, N. C., for whose death one or more people, not including Crowder, have been tried.

Benjamin Poole, one of Morgan County's deputy sheriffs, will also appear at Gastonia as a witness in the Crowder trial it was stated at the court house.

UNDERWOOD HOPES FOR SENATE ACTION

Senator Oscar W. Underwood realizes that the McKenzie bill will meet with considerable opposition in the senate, but is hopeful that favorable action will be obtained before congress adjourns, according to a letter to a local friend from Alabama's senior senator.

Mr. Underwood wrote:

"I received your letter of the 31st ultimo this morning, and thank you for your kind words in regard to me and my candidacy. I am heartily in favor of Henry Ford's bid for the Muscle Shoals properties and have been from the beginning. It will meet with opposition in the senate, from those who favor government ownership and those who favor one of the other bids, but I am hopeful that we will be able to get favorable action before congress adjourns. You may be sure that I will do all that I can to bring this about.

"With kindest regards, I am, Cordially Yours, O. W. Underwood."

One Dead and One Hurt in Labor War

(Associated Press)
PINEVILLE, Ky., April 4—Labor troubles, which have been brewing for weeks among the miners and mine owners, have come to a head. George Woodward is dead and Edward Dismann is wounded. They were struck by bullets directed from the mountain. The men were among the company's non-union employees. The union and the mine owners have not come to an agreement.

ADVANCE FEATURE OF COTTON SALES

EXCITED DEMAND IN MARKET SENDS THE PRICE HIGHER TODAY

New Crop Positions Are Firm and the Spot Market Is Steady

ACTIVITY IN DRY GOODS IS REVIVED

Continued Bad Weather in the South Helps To Boost Price

(Associated Press)
NEW YORK, April 4—There was a further excited demand in the cotton market early today on continued trade buying and covering. Cotton for May delivery sold up to 30.32 or 77 points above yesterday's close, nearly four cents a pound from the low of last week.

New crop positions were firm also on reports of a very strong situation in the spot cotton market and weather unfavorable for farm work in central and southeastern parts of the Southland.

October advanced to 25.45 or 63 points net higher.

NEW ORLEANS, April 4—The cotton market experienced a sharp advance of \$5.50 a bale in May futures during the morning trading. That month advanced to 30.98, or 124 points above the close of yesterday, forty-three points higher than the low level reached last week.

The bulge was due to a revival in activity in dry goods. The largest sale of piece goods of the year was reported in New York yesterday, 250,000 pieces. Activity reported by Manchester a brisk trade calling in Liverpool, coupled with continued bad weather, helped the advance and forced the extensive short covering.

Y. M. C. A. LEADER IS TWIN CITY VISITOR

In support of the plans of the Alabama Young Men's Christian Association for a state convention to be held soon in Montgomery, C. K. Ober, for a generation and more, one of the international secretaries of the Y. M. C. A., with headquarters in New York city, was in the Twin Cities most of today and expects to leave Saturday morning for other cities of the state.

Mr. Ober is now one of the secretaries of the international Associations who has been retired on the regular allowance given such officials of the organization as Mr. Ober.

Voluntarily the veteran "Y" worker is making a tour of the states of the union, in the interests of the state organizations of the Y. M. C. A.

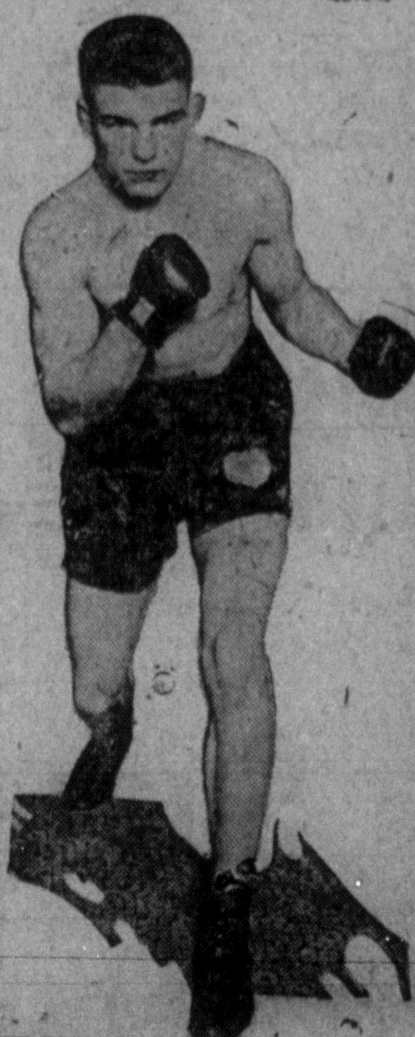

One of his special services is to explain and construe the newly adopted constitution and by-laws of the International Association, to the Y. M. C. A. people throughout the several states.

Mr. Ober has also raised some funds for the support of the state work of the Association in Alabama.

W. S. Stallings, general secretary of the Birmingham Y. M. C. A. and also acting state secretary is another for the success of the "Y" program in Alabama.

Mr. Stallings visited the Twin Cities on last Sunday. While in the Twin Cities, Mr. Ober is the guest of C. J. Randolph, executive secretary of the local Railroad Y. M. C. A.

Stribling outpointed the champion in every round and knocked him down in the tenth. Since decisions are forbidden in Jersey, McTigue retains his title.

Woman Admits She Is Slayer of Man

(Associated Press)

CHICAGO, April 4—Mrs. Bulah Annan, who shot and killed Harry Kalstedt, 29, formerly of Minneapolis, admitted today to detectives that the killing occurred at her apartment, after Kalstedt had threatened to quit her and not because he tried to force his attentions upon her as she first said.

She is held without bail.

After killing Kalstedt, fearing that neighbors might have heard the shots, Mrs. Annan played jazz records on a phonograph for several hours, police say she told them. She then called her husband on the phone and surrendered to the police.

TROUBLE IS WITH PARENTS, NOT WITH YOUNGSTERS, PASTOR SAYS

Thursday morning Dr. Bateman began his series on the book of Acts. The general subject of the morning addresses is "Original Christianity." He spoke on "The Needed Revival" which he said "is no superficial glossing to relieve society."

He quoted three texts: "If I be lifted up I will draw all men unto myself," "Take heed lest ye fall," and "If God be God serve Him."

"A new testament revival must begin in the churches. You may have campaigns in back lots but a real revival must begin in the churches of God. We must quit stirring the top soil and get down into the subsoil. We have had so many campaigns that we can't feel 'em for the 'paign'."

"The next great movement in our country must be a new testament revival or America will lose her place of economic leadership and of social safety. There is a moral reaction. The trouble in Washington now is a concentration of what is going on in the other states. We hear a great deal about 'Social Service' and 'soup hounds' and healing of the body but the real

Daugherty Probe Now Reaching Out Into Many New Lines

DATE FOR TRIP IS YET TO BE FIXED

Narcotic Traffic Will Be Investigated by the Committee

(Associated Press)

WASHINGTON, April 4—The far sweeping eye of the Daugherty investigating committee today encompassed a vast array of scattered activity including air service fraud, drug smuggling and federal paroles at the Atlanta penitentiary, transactions at the Daugherty bank in Ohio and reported liquor drinking at the little green house on K street.

References to the K street house came near the end of a long committee session, when Daniel Smith, formerly negro butler for Howard Manington at the green house, testified that whiskey and gin had been delivered there in 20 case lots, carried by express wagons and guarded by a man with a badge and a gun.

WASHINGTON, April 4—The senate committee, investigating official acts of Harry M. Daugherty, reached out today in several new directions. Having failed to induce Mal S. Daugherty, brother of the former Attorney General, to come here with records of his Washington Courthouse, Ohio, bank, the committee decided to make a trip to Ohio to impose its demands that the bank's books be thrown open to it. The date for the trip is yet to be fixed.

From Secretary Weeks the committee received a batch of army air service records, bearing on charges of failure to prosecute wartime frauds. The documents were examined in executive session and the secretary's personal appearance for questioning was delayed until later.

Senator Wheeler, prosecutor of the inquiry, then called to the stand J. E. Dyche, now an Oklahoma city prohibition agent, and formerly warden of the Atlanta Penitentiary, who testified.

need is spiritual. We must begin at the head then all these other things will come. Law is almost disregarded now than at any time in our history. Conditions are unthinkable. We are facing a social catastrophe by a disregard of law.

"Men drink and speed and do anything they please just so they get by 'go to it if they do not get caught.' We are passing into social disintegration. This is not pessimism it is common sense. Just stand in a house by the side of the road and see the crowd go by."

"Money is placed in the place of morals. The standard is not Christ and character but money and luxury, a fine house and a high power car. We must have a revival of religion or a social revolution. 25,000 people assembled in New York recently on a cold snowy night to hear speeches in honor of Lenin, a rank Bolshevik."

WHY LET THE BIG CITY LURE THE YOUNG FOLKS AWAY?

Surely the home town needs successful boys and girls, as much as the biggest city needs them. Why not fill the young people with the success spirit here at home encouraging them to dress neatly, to think well of themselves, to hold their heads up in whatever company they may be?

The men and women of America who are winning their way are all of them convinced that they can't afford to be seen in public in old clothes. It's too expensive. Old clothes would hold back their success.

Legion Will Aid Orphans

INDIANAPOLIS—The American Legion has announced a campaign to provide for "those who cannot ask for aid, and would not if they could," the orphans of war.

Through the sale of poppies, the official flower of the Legion, during the week preceding Memorial Day, it will collect funds for this welfare work, the care and education of the fast growing army of war orphans.

Real Silk Scarce In Germany

BERLIN—Women shoppers say real silk has become very scarce in Germany, chiefly because of import restrictions. As a consequence there has developed such an enormous demand for artificial silk that wholesalers assert they have orders on hand from the German trade alone which will take the manufacturers four months to fill.

Scout Troops Are Assured Here Now

In two weeks time permanent organization of the Boy Scouts of this community will be perfected, stated C. E. Shriner, of the national scout council.

"The establishment of scout organizations here is now assured" said Mr. Shriner on his departure for Athens, where he will be busy for the next week, raising a financial budget for boy scout activities in Limestone County.

tament revival can meet the need. "A revolution is human being trying to save themselves when there is no one else to save. When men depend on self it is a revolution, when they depend on Christ it is a revival. The trouble in England is the people are tired of a great idle class living on the labor of others. The election of McDonald is a social protest against idleness. God puts a premium on service. This is the basis of respectability.

"There must come out of this turmoil two things: A rediscovery of God we must make Him real; and a rediscovery of sin. Nothing can be substituted for Christianity.

"Young people are as good as they have ever been. The trouble with them is the devilish old people. The mother is off at the card club while father is at golf or the club and where is home? The difference between now and old times is in the mother and father. Where the man goes the boy will follow. They will respond to a real home as you did. We must arise and meet the need by communities.

Dr. Bateman's subject tonight will be: "Soldiers or Slackers." There will be no "Saturday services at the Decatur Baptist church.

Green to Attend Moulton Meeting

D. F. Green, executive secretary of the Alabama Baptist convention whose home was in the Twin Cities for many years before he removed to Montgomery has left for Moulton where Friday, he will attend an all day meeting of Baptist leaders of Lawrence county.

Mr. Green said that conferences over completing the \$75,000,000 fund of Southern Baptists, and the educational and missionary would be held at Moulton. On Saturday Mr. Green will attend a similar conference in Madison County at Huntsville. On Sunday the secretary will speak to the Baptists at Cullman.

SHOPMEN ATTEND REVIVAL SERVICES

The revival at the Central Baptist church continues with much interest being manifested. The subjects of sermons by Rev. Gid Higgenbotham on Friday, "The Devil's Decoys," Saturday night, "Witnessing for Christ," Sunday morning, "How to Be Strong," Sunday night, "God's danger Signals," Thursday night there was a large number of L. & N. employees present.

Mr. Elliott led the song service, which each evening paves the way for the preachers message. He sang as a solo "The Christian's Awakening," written by a local minister. Rev. A. H. Roy. He requested that there be not less than 130 in the "Sunshine Chorus" Friday night, which will be special for young people of the community.

Rev. Higgenbotham read the 15th chapter of Luke, the story of the Prodigal Son, and applied the lesson to modern living. He said he loved this parable, not because of it showing how far a man could go from God, but because of how it showed the wonderful love of the father for the young man. It shows a homesick boy; young man away from home; young man back home.

"This same story is being lived over in many a life of young men and young women today. The wrong decision is often a wrecked life. When young folks get where they do not go to God's house, they are in danger. But he came to himself, and went to his father just as he was. This is what God wants. Our self righteousness in God's sight is as filthy rags. We must come to Him just like we are, there is nothing we can do to help save ourselves. God does this."

IMPROVEMENTS ARE MADE AT ICE PLANT

In ten days time, stated Charles E. Malone, their builder, the new cold storage and ice storage buildings of the Decatur Ice and Coal company will be completed.

The new structures will stand near the main plant of the company on Line street, near the Tennessee river. The largest one of the new buildings is to be two stories in height, and with additions will be about 42 by 60 feet in size.

The new addition is being made to furnish ample cold storage for strawberries, apples, peaches and all kinds of farm produce. Also there is to be ample room for the storage of meats of all kinds. For the convenience of local merchants, private cold storage compartments have been provided, which are to be rented.

"When the building program contemplated by the Decatur Ice and Coal company is complete," stated Mr. Jones, of the firm and general manager, "800 tons of ice can be kept in storage."

Mr. Jones stated that as regards storage space, all demands could be met. He added that the capacity of the ice plant daily was 90 tons, an excess of 30 tons over the regular demands and that therefore all emergency calls for ice from all sections of Morgan County, or from the railroads can be met.

The floor plan of the new building as described by Mr. Jones shows a large room, 30 by 42, capable of storing 600 tons of ice. Adjoining this large room are five cold storage compartments to be used to store all kinds of products that need cold storage. The center one of these compartments is to be a "meat freezer" where frozen meat is to be kept.

"Including War Tax" is said to be due to come off some theatre tickets. Won't that be glorious?

The Twin Cities have been needing a hard-working Secretary of the Chamber of Commerce, and now they have him.

If more was thought about evidence being true than about it being legally admissible, justice would smile oftener.

POOR
LENIGRAD

A second time the Russian city on the Neva created by Peter the Great has undergone a change of name. "St. Petersburg" became "Petrograd" in 1914 to eliminate its German syllable; today—and with strange irony—it is "Leningrad," in honor of the man who more than any other has destroyed it.

Here in 1912 stood one of the finest capitals of the modern world, and the fifth city on earth in population. Its wealth, its modern homes, its tremendous port and railroad trade, its industries, its marvelous palaces and the galleries of art, came in 1917 under a government of the Russian people. Theirs it was to do with Petrograd as they would, to continue its prosperity under a stable democracy. Nikolai Lenin and his party prevented them.

Under the communist dictatorship, more terrible, more despotic than the foolish little czar could have imagined even in his wildest dreams. Petrograd was reduced to a second-rate port town. The railroads which served it fell idle. Its private industry was destroyed. Its wealth confiscated. The freedom of its people to trade and earn, their liberty to make the best of their opportunities, was taken away. Life in one of the most colorful and charming cities on earth became a dull routine of bread lines. Population fell from more than two millions to a recent figure, said to be exaggerated, of less than half that total. Professors, teachers, doctors, priests, and the city's leaders and intellectuals of all types, were lined up against walls and shot.

The new stultified Petrograd, with its empty palaces and silent streets, its shattered shops and furtive peddling in place of a brisk and lively trade on splendid merchant thoroughfares, its misery and its fear of coming famine, is rightly renamed for the man of iron who made it what it is today. After all, the two ruthless namesakes of this Russian city were not far apart in their character and outlook.—Grand Rapids Press.

RETURN OF THE "TOPPER" NOT A
THING TO CAUSE WILD DELIGHT

Bush league towns will not become greatly excited over the announcement that the "stovepipe" hat, or "topper" is returning to favor as masculine headgear for formal occasions. The high type of hat never did get a very strong hold upon the men of the smaller cities. They were too conspicuous among the multitude of "Derby" hats and soft felts. Occasionally an especially careful dresser would brave the public gaze by appearing in an ultra-fashionable high hat, and the wearers naturally were counted among the best dressers, for the "topper" added a dignity to the whole outfit that could not be discounted.

The high hat in recent years has become scarce even in the large cities. It was rarely seen on Fifth avenue in New York, where the boast is that America's best-dressed men and women may always be found. Its return is indicated now, however, for the New York World of Monday announced that on the previous day, well past the church hour, an observer on the roof of a stage going down Fifth avenue, counted 43 silk hats worn by as many promenaders on the avenue. The World says of the appearance again of the "toppers":

"This may have been a sign of spring. More strikingly it was the sign of the persistence, or rather the recrudescence, of a type. By the evidence of the stage-rider's own eyes it must appear that the "topper" is coming back.

"The silk hat is the most uncomfortable piece of head-gear ever invented, with the possible exception of the brass helmet. To the majority of men it is as unbecoming as it is oppressive. It rises to majestic impressiveness only when worn in mass by the members of a parading minstrel company. Yet is it endowed with more lives than any number of nine-lived cats. Kings have tried to kill it, also princes and common men. It survives alike the royal precedent and the popular boycott.

"In the years following the Spanish war it was estimated that the silk hat had fallen in the popular favor at least 40 per cent. The military slouch had succeeded it on the streets. Chiefly it was the politicians and the old-line sports who kept the "topper" in sight. No champion heavyweight pugilist was completely equipped who had not his towering cylinder of silk. With the outbreak of the world conflict the "silker" sank further yet from the common wear, and hopes were entertained that it had received its finishing blow. News of its flaunting reappearance on the avenue follows sadly on the apparent breaking up of a groundhog's winter."

The "stove pipe" hat is not a desirable thing to wear. It is not warm in winter nor cool in summer. It is easily knocked off by the small boy with a snow ball. It can be sat upon more effectively and more damagingly than any other type of hat, and it costs entirely too much for its use to become a habit with the average man.

The return to favor of the "topper" evidently is not hailed with delight even in New York, where men and women do many things for style's sake. It will hardly gain general approval in the towns not so large as New York. In fact, it will be the exception hereafter, as it was in the past, and only brave men, or foolish men, as the case may be, will try to wear them.—Anniston Star.

HEALTH OFFICIAL
SPEAKS TO COUNCIL

Agreeable to the request of Dr. H. C. McRee county health officer for Morgan County that all health funds left unused from last year, be re-appropriated for use by the county health department, the Decatur city council at its Thursday night meeting voted all funds available for health purposes to the health unit.

It was stated that both the Morgan County board of revenue and the Albany city council have unused funds, and that in all probability these bodies will vote some money soon for the use of the county health unit.

Dr. McRee made his request in the course of an appeal for aid in the anti-malaria campaign now in progress.

Dr. McRee, in speaking before the council on infectious diseases said that such dangerous diseases as small pox and diphtheria were carefully guarded against, but that mumps and measles, not regarded as dangerous diseases, were not guarded against with enough care.

Dr. McRee said the common belief that the last named diseases were to be had by all and the quicker the better was all wrong and that efforts should be made to stamp out mumps and measles.

A Pittsburg chemical company applied for the job of passing on the quality of the new street pavements to be laid soon.

The usual routine of the council, allowing bills and hearing requests from a number of citizens was taken up and disposed of. The council was presided over by Mayor Nelson, with all the councilmen present with the exception of one.

Jail For Irish Tax Dodgers

DUBLIN—Vigorous steps are being taken in the Free State for the collection of the arrears of income tax which, during the troubled times before and since the treaty, were allowed to accumulate. In Dublin City and county, collections have been made by distraint on the defaulters' goods, and in some instances defaulters have been lodged in jail till the money was paid.

Would Shut Down Gas Works

"My stomach has been so filled with gas for the last three years that I felt I could pretty nearly supply our town. I also had frequent pains in right side in region of the appendix. Doctors didn't help much. One day my neighbor told me about what Mayr's Wonderful Remedy had done for him and I got a bottle of our druggist. I can say that it will do all and more than you claim for it." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. By druggists everywhere.—Adv.

Looks Win and
Not Luck

Of course you would not think of liking a girl who seldom goes to the trouble to look her best. Even in a kitchen, if a girl's the right sort, she looks like a MILLION DOLLARS.

And the girl you are thinking about this minute, could she say as much for you, or are you one of those who go on the mistaken idea that looks don't count? It certainly is hard to like a fellow who is careless of his appearance. Some girls just never can do it at all.

German Children Study English
LEHPSIC—English and Spanish have replaced the French language in many of the Prussian and Bavarian high schools. Except in the Rhineland the study of English has been taken up quite generally throughout Germany in preference to French, according to a recent announcement.

The desire to learn Spanish and English among the younger generation of Germans appears to have been brought about by the large number of men and women who have hopes of emigrating to England or North or South America.

Wolves Chase Alsace Skiers
COLMAR—A company of ski-runners on the Vosges Mountains was recently pursued by a pack of wolves. The men coasted down a mountain side and managed to find shelter in a cabin, which the wolves surrounded.

A dog which was with the ski-runners was eaten by the wolves and the animals finally abandoned their man-hunt. Only the deep snow which made going difficult for the wolves, and was favorable to the men on skis, enabled the latter to escape.

ified about narcotic prosecutions. Among other things, he said, he had kept after Heber Votaw, superintendent of prisons in the justice department for nearly a year, trying to get him to send agents to stop drug trafficking. Votaw is a brother-in-law of the late President Harding.

Records Presented

Aircraft records sent to the committee were those taken from air service officers from Thomas F. Lane, who testified yesterday that he had been discharged as legal adviser to the aircraft chief, after refusing to stay away from the investigating committee.

Secretary Weeks asked that in view of the important evidence evolved bearing on prosecutions now pending that the documents be kept in confidence.

M. S. Daugherty, whose books will be examined when the committee goes to Ohio, has failed to respond to a committee subpoena and contempt proceedings against him now are under advisement. His bank, the Midland National, of Washington Courthouse, permitted an examiner sent by the committee, to begin an inquiry into its records and then required him to suspend his work because of the wide latitude given him by the committee.

The bank also has refused to send its records here for examination.

Marks Departure

The questioning of Dyche, who recently testified before the oil committee, marked a departure of the investigation into an entirely different deal. He complained in detail about failure of the justice department to curb drug conspiracy at the Atlanta prison.

Dyche testified that there were 650 violators of the narcotic law in the

Atlanta prison, when he went there. Drugs came into the prison in various ways, he said, and many convicts became addicts after their conviction. There was evidence that some of the guards took to the narcotics, he said.

After he had urged Votaw for a year to do something, he declared, W. J. Burns finally sent three undercover men. Four prison guards finally were indicted but none of them convicted.

Mother and Baby Both Benefited By Tanlac

"Tanlac Has Done Me Worlds of Good and Has Greatly Helped My Baby, Too"—Says Mrs. Long.

"Tanlac has done me a world of good, and in so doing has greatly helped my baby, too," says Mrs. J. S. Long, 106 Main Street, Exposition Mills, Atlanta, Ga.

"Last spring when I was on the verge of a nervous breakdown my baby girl, not quite a year old then, was not doing at all well either. Both

the baby and myself were nervous and restless at night, and during the day I would have dizzy headaches.

"But four bottles of Tanlac brought back my appetite, gave my food more nourishing, strengthened my nerves, built up my entire system and all the time I have been using the treatment I can also see the biggest sort of difference in baby. Instead of being fretful now she sleeps the whole night through and wakes up smiling. I am taking another bottle of Tanlac now." Tanlac is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold.—Adv.

Constipation can ruin your health— get permanent relief with Kellogg's Bran

When clean and clear, the intestine is converting wholesome food into vigorous health. But when clogged by constipation, it generates poisons from the obstructed food that can lead to many serious diseases.

Kellogg's Bran sweeps, cleans and purifies the intestine. It has a natural, healthy action. It works exactly as nature acts. If eaten regularly, it is guaranteed to relieve permanently the most chronic cases of constipation, or your grocer will return your money.

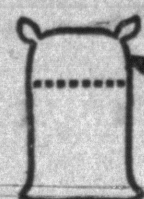

Results with Kellogg's Bran are sure, for Kellogg's is ALL bran. Nothing but ALL bran can be 100 per cent effective. That is why Kellogg's Bran, cooked and krumbled, is endorsed by doctors everywhere. Eat it and you need never take another habit-forming drug or pill.

Kellogg's Bran, cooked and krumbled, should be eaten regularly—at least two tablespoons daily—in chronic cases, with every meal. You will enjoy eating it. Kellogg's Bran has a wonderful flavor, a delicious nut-like flavor. And this flavor is an exclusive Kellogg achievement.

There are many ways to enjoy Kellogg's Bran, cooked and krumbled. Eat it with milk or cream as a cereal. Sprinkle it over other cereals. Cook it with hot cereals. Look for the recipes on every package and try it in muffins, griddle cakes, bran bread, etc.

Bring back your health with Kellogg's Bran. Start to-day! Every member of your family should eat it. The leading hotels and clubs serve Kellogg's Bran in individual packages. It is made in Battle Creek. Sold by all grocers.

The Extras in a Sack of Dainty Flour

Absolute purity
Better baking
Dependability
Economy of lard

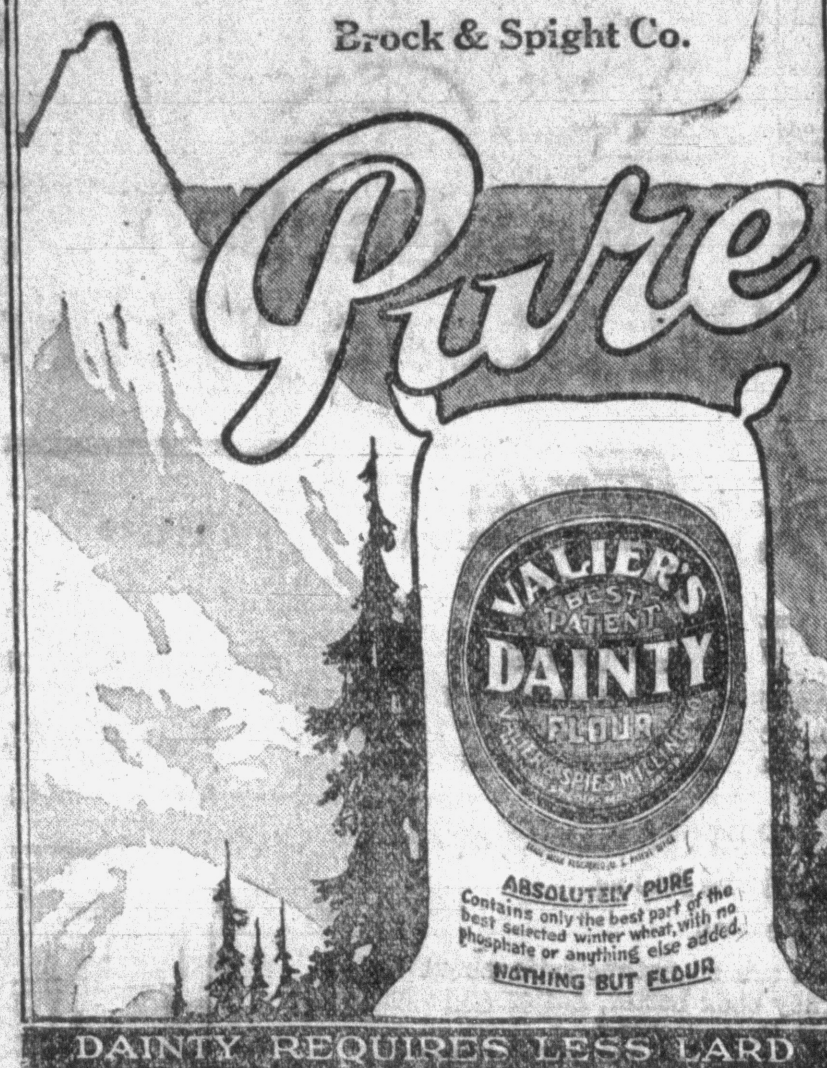

In every sack of Dainty Flour you get four things which are not in a sack of ordinary flour. 1. Absolute purity—for Dainty is all flour, with no phosphate or anything else added. 2. Better baking—biscuits, rolls, cakes, pies—everything. 3. Dependability—the elimination of costly failures. 4. Economy of lard—less is required when baking with Dainty.

Flour made always of the very finest wheat, and then only the very best part of each kernel! That's exactly what Dainty is—the choicest of the choice and absolutely pure.

Due to the favorable condition of the soft winter wheat crop it is possible to get the finest grade now at a smaller premium than heretofore. The difference between the cost of Dainty and ordinary flour is less than in years.

This was the last meeting until after Easter.

Mrs. Sara Jeffries is able to be up after a severe illness.

Miss Janie Elkins and Mrs. W. J. Coyle are in Montgomery attending the A. E. A. and will be the guests of friends in Birmingham en route home.

SOCIAL AT WESTMINSTER CHURCH

The weiner roast to have been given this evening by the M. P. B. C. of the Westminster Presbyterian Sunday School could not be given on account of inclement weather but they will enjoy a social at the church instead.

Miss Pluma King, of the Florence Normal is visiting her parents, for the weekend.

Little Miss Elizabeth Scott proved herself a lovely hostess, where she entertained a number of her friends Wednesday afternoon at her home on Johnston street in honor of her eighth birthday.

For this occasion the rooms were tastefully arranged with white spring flowers carrying out the color scheme pink and white.

Several interesting games and contests were enjoyed, until a late hour in the afternoon. The little guests were invited into the dining room where the table was centered with a lovely white cake, bearing eight tiny pink burning candles and pink streamers leading to each of the twenty five plates. After the many good wishes were made to the little hostess, a dainty ice course was served.

Those enjoying this affair were: Dolly Greer, Elizabeth Ann and Margaret Humphrey, Margie Davis, Marie and David Bernstein, Annie Jo McKee, Dorothy and Jack Morrow, Idele Thomas, Junior and James Franklin Weaver, Kenneth Sneed, Eleanor Walker, Mable Lee, and Stella Barr, Orlene and Joe Murray McGarr, Mary and Margaret Clark, Argie Carolyn Boggess and Felix Weaver. Many beautiful and useful gifts were presented the little hostess.

Little Miss Jean Halbert is recovering from a severe attack of measles.

Mrs. F. M. Sittason and little daughter have returned to their home in Sheffield after a visit to their parents, Mr. and Mrs. A. H. Kelley.

Mrs. Roy Kelley of Sheffield was the recent guest of her parents, Mr. and Mrs. A. H. Kelley of West Albany.

Mr. and Mrs. W. B. Edmundson went to Hot Springs this morning.

Miss Elizabeth Scoggin of Nashville will arrive today to be the guest of her cousin, Miss Ethel Mae Hatchett for the weekend.

Mrs. Everett Darrah, of New York City, who has been the house guest of Mrs. J. Smiley for the past week will leave tonight for a visit to relatives and friends in Mississippi, Atlanta, Ga., and other points.

Mrs. D. S. Echols left Thursday for a visit to Mr. and Mrs. Smith near Fayetteville, Tenn.

Mrs. W. B. Smith of Birmingham is the expected guest of her parents, Mr. and Mrs. R. G. Cortner.

OUTING AT CAVE

The Christian Endeavor of the Westminster Presbyterian church enjoyed a most delightful weiner roast on Thursday evening at San Souci's Cave.

Lovely refreshments were prepared and served but the most thrills of the evening experienced in the Cave which was explored with the aid of flashlights.

Miss Kit Moore of Florence, was the guest on Thursday of Miss Mary Daniel en route home for the weekend from Montevallo, where she attends school.

Mrs. W. J. Edwards is spending a few days in Courtland, Ala.

AMUSEMENTS

What the Press Agents Say

After months of reading of the greatness of Universal's "Hunchback of Notre Dame," Albany and Decatur people will have a chance to see this classic, as it is booked for showing at the Princess theater, starting on Monday, April 7.

The engagement will be limited to two days, Lon Chaney is the star and his interpretation of the role of "Quasimodo" is said to be the greatest piece of work that he has ever accomplished.

The cast is one of the finest ever gathered together and includes such well-known artists as Ernest Torrence, Patsy Ruth Miller, Nigel de Brulier, Brandon Hurst, Kate Jensen, Tully Marshall and John Coszar.

The entire production was made at Universal City, California, and is the crowning achievement in a long list of superlatively fine film productions made by Carl Laemmle.

For Smokes, Not Learning

MOSCOW—The demand for books among the peasants, even on higher mathematics and other abstruse subjects, is a bit misleading, says the magazine Crocodile, which explains that the leaves are used for cigarette papers.

TINFOIL BANNED FROM JAIL

SANTA BARBARA—Beady made cigarettes in the original packages have been banned from the county jail here as the result of a demonstration by a prisoner. He handed the sheriff a metal ball weighing half a pound with the remark, "I could put this in a sock and knock you out." The ball was made of tinfoil taken from cigarette packages.

enough rich red-blood-cells in it. More red-blood-cells! That is what you need when you see pimples starting in you in the mirror. Blackheads, pimples are worse! Eczema is worse yet. You can try everything under the sun—you'll find only one answer more cell-power in your blood! Tremendous results, produced by a increase in red-blood-cells is one of the A. B. C.'s of medical science. Red cells mean clear, pure, rich blood. The mean clear, ruddy, lovable complexion. They mean nerve power, because all your nerves are fed by blood. They mean freedom forever from pimples, from the blackheads from boils, from eczema and eruptions, from rheumatic impurities from that tired, exhausted, run-down feeling. Red-blood-cells are the most important thing in the world to each of us. S. S. S. will build them for you. S. S. GASTONIA PREPARES FOR TRIAL OF ARTHUR CROWDER

GASTONIA, N. C., April 4.—Next week's term of criminal court to be held here will probably be the largest and most interesting held in years in Gaston County. Chief interest centers in the trial of Arthur Crowder, Ransom Killian and Joe Orr charged with the murder of John Ford November 7, 1920. Other murder cases are those of Carl Mitchum charged with the slaying of his mother-in-law, Mrs. Rena Lay in South Gastonia, and of Philip Wineberger, charged with the murder of young Cook, of Cleveland county.

It will be the largest array of murder cases ever put on a docket of the fourteenth judicial district at one time, according to Solicitor Carpenter. In the prosecution of Crowder, Orr and Killian, Solicitor Carpenter will be assisted by A. G. Mangum and A. E. Woltz of the Gastonia bar.

Orr and Killian were each released on \$10,000 bail after a habeas corpus hearing before Judge Stack some weeks ago. Crowder is in jail awaiting trial after being brought back from Alabama. His alleged confession implicated Orr and Killian in the killing of Ford and caused their arrest.

Judge Stack denied bail to Carl Mitchum at a hearing here shortly after Orr and Killian hearing was held here. Wineberger is in jail in Gas-

tonia awaiting trial.

Defending Joe Orr will be Kirkpatrick, Smith and Guthrie, of the Charlotte bar and R. G. Cherry of the local bar. Killian will be represented by Kenan Nixon, of Lincoln, representing Arthur Crowder are George Mason and Ernest Warren. R. L. Simpson represents the two girls, Grice and Beattie.

Appearing for Carl Mitchum are: Ernest Warren, H. L. Kiser and perhaps Clyde Hoot. Wineberger has retained R. L. Simpson and perhaps Gus Self, of Newton.

The array of lawyers engaged in the defense and prosecution will be one of the biggest features of the week's court. Judge Stack will preside.

Solicitor Carpenter announces that all witnesses are expected to be present Monday morning.

Of paramount interest is the case against Crowder, Orr and Killian. Crowder's alleged confession involving the two others has served to fan interest to a white heat. Crowder's testimony, if he goes on the stand, is expected to furnish the most startling single feature of the trial.

Simpson Finds Relief by Taking Dr. Thacher's Liver and Blood Syrup.

"When I started taking Dr. Thacher's Liver and Blood Syrup I began to men dat once," said G. W. Simpson, of Winfield, Tenn.

"My food did not digest and my heart gave me lots of trouble. I had a queer feeling in my head, ulcers on the bowels that caused intense suffering. I would choke after eating and didn't think I could live much longer."

"Nothing I took did me any good till I started taking Dr. Thacher's Liver and Blood Syrup. I felt better right after starting on it, and I am stronger and better in every day now than I have been in a long time."

French Capital Soon Will Lose Its Women Street Sweepers

PARIS—The old women, who shivering sweep the narrow streets of Paris have lost their fight against modern machinery. The city has decided their usefulness is ended. Henceforth only one vacancy in three will be filled

and before long these jobs will be abolished as their holders die or leave.

These women once were among the picturesque sights of Paris, swinging their long-handled brushwood brooms beginning at dawn. But now with few remaining there is more of pity than of romance in the sight. It won't be long until some good old woman will be photographed leaning on her witch-like broom and written about for the newspapers as the last of the sweepers.

From the famous Mill that makes Aunt Jemima Pancake Flour comes

AUNT JEMIMA

Pure Soft Wheat FLOUR

PLAIN OR SELF RISING

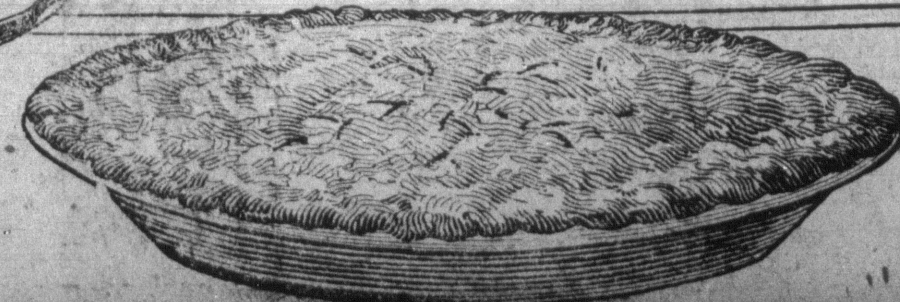

as good as
the name indicates
for Biscuits, Cakes and Pastries

WORTHY of the famous name it bears, a new flour has come to town. Old Aunt Jemima wanted to sponsor a soft wheat flour as good, as pure, as dependable as her pancake flour, known in practically every home in America. She wanted to show folks how delicious biscuits, cakes and pastries really could be made. And her wish has come true. The dear, good old Southern cook, through the medium of this newspaper, asks every woman, who takes real pride in her table, to try this wonder flour which is providing housewives a new standard of perfection in baking. Ask your grocer.

Virginia Lady Says That Many
of Her Long-Suffered Ills
Have Fled Since She Took
Cardui.

Bristol, Va.—"I can sleep good at night now, something I have never done before in my life," says Mrs. Deale Hawks, of 712 Prospect St., this city, "and it is due to Cardui."

"I was always nervous and tossed when I should have been asleep, but since I took Cardui it has strengthened me, and my general health is so improved that many of the ills from which I have suffered for years have fled."

"I used to go to bed tired and, when I would get up in the morning, I was still tired. Now I feel like doing a day's work in my garden or in the house, and I owe all this good health to Cardui, for I had suffered for years until I took it."

"I had had female trouble for years and once, for six months, I was flat on my back. I am glad to recommend to other women a medicine which has helped me."

If you are nervous and run-down in health, suffering as Mrs. Hawks describes above, it is probable that Cardui will greatly help you. Try it.
